## FUTURE NILES POLICE PATROL SYSTEM TO BE DECIDED BY SUBSCRIBERS

### LARGE CROWD IS PRESENT AT NILES GRADUATION RITES

#### Graduates Urged to Con- tinue Education by Chief Speaker

Entirely filling the Veterans' Memorial building at Niles, a large crowd witnessed the annual graduation exercises for the Niles grammar school held Thursday night of last week.

Twenty-six pupils were graduates of the Niles school this year. Extending a hearty welcome for the graduates to attend the Washington Union high school next fall, A. J. Rathbone, high school principal, delivered the chief address of the evening to the graduating class. Rathbone stressed the necessity of the graduates continuing their education in order to win success in life, and urged every member of the class to go to high school.

The address of welcome on behalf of the graduating class was made by Rose Cattaneo, while the farewell address was made by Yoshino Kawaguchi. A beautiful picture was presented to the school by the graduates, Melvin Santos making the presentation speech and Robert Solon the acceptance. Some of the graduates are destined for illustrious careers in future life if the class prophecy as read by Ollie Manuel come true.

Several songs were sung by the girls from the fifth grade, and

### LAUGHTER HOLDS LARGE THROGS AT 'CASEY'S TRIAL'

#### Township People Provide Hilarity for Huge Crowds

If the hearty applause of an overflowing audience denotes the success of a show, then "Casey's Trial," staged Tuesday and Wednesday nights in the Veterans' Memorial building, Niles, deserves the honor of being termed the biggest comedy riot ever to hold a Washington township gathering.

Commencing with the trial scene of the opening act and continuing with unabated vigor until the grand finale, the huge crowd which entirely filled the auditorium on both evenings of the performance howled their approval of this mirth producing spectacle which was sponsored through the auspices of the township legion auxiliary. Ripples of laughter which intermittently broke into roars of merriment as the comic highlights of the show made effective impressions on the spectators' sense of humor ran

## Man Dies Under Wheels of Train

### PRISONER ESCAPE HALTED WHEN GUN ACTION LOOMS

#### Niles Constable Draws Weapon to Stop Breakaway

Those who attended the Tuesday afternoon session of the Niles justice court were treated to the spectacle of a man forced to make a sudden decision whether a bullet can travel faster than a human being.

Fred Duarte, of Centerville, apparently was of the opinion that it can for he came to a stop after commanded to do so by Constable O. W. Ebright, from whom he broke away after being arrested on a failure to support charge.

Duarte was just complimenting himself on having his case on charges of petty theft continued for thirty days on motion by his attorney, Tom Power, and had stepped outside of the Niles court room, only to be arrested by Constable Ebright on a failure to provide charge, which originated in Stanislaus county. As the officer was leading him to jail the prisoner made a dash for liberty which might have qualified him for the Olympic games had he been timed. Close behind in pursuit ran Constable Ebright and the pursued's father, Joe Duarte. Obviously tiring of the chase and observing that young Duarte was showing him his heels, Ebright drew his gun, when the father cried out for his son to stop, which he did with astonishing alacrity and was taken into custody.

During the excitement the spectators which had filled the entire court room rushed to the windows and doors and watched the race with breathless interest which would have done credit to observers at a world's record hundred yard dash performance.

### SIX MONTHS FOR BATTERY SAYS NILES JUDGE

A plea of guilty to a charge of battery brought William Pacheco, of Santa Clara, a six months' sentence in the county jail at Oakland in the Niles justice court Tuesday afternoon.

Judge J. A. Silva passed sentence after Cecilia Andrade, of Decoto, who filed the battery charge, testified that the defendant had made an attempt to attack her while the two were leaving a dance near Niles recently. Andrade was arrested by Santa Clara county officials.

### BURGLARS BREAK INTO NILES HOME

Burglars broke into the home of Mrs. E. C. Kennard, located on the nursery road near Niles, last Thursday night and ransacked the house in search of valuables.

Nothing was taken although the marauders made a thorough search of the home for money and jewelry. They gained entrance while Mrs. Kennard was attending the grammar school graduating exercises at Niles, by breaking a window in the house. Constable O. W. Ebright, of Niles investigated but could find no clue as to the identity of the house breakers.

### Unemployed Waiter Falls Under Freight at Niles

Falling under the wheels of a freight train at the Southern Pacific railroad crossing by the Alameda creek bridge south of Niles, a man identified as Frank J. Hart was instantly killed Wednesday night of last week.

The man was thought to either have been riding on the train and fallen off, or attempted to leap on one of the freight cars and fallen under the wheels. No one witnessed the accident. A man and woman in a car had stopped at the crossing to wait for the freight train to pass by when they noticed the man's body being rolled along under the wheels of the train. Deputy Coroner F. F. Botelho, of Centerville, was notified as was Dr. E. C. Grau, of Niles. Both of the man's legs were severed and the body terribly mangled.

Deputy Coroner Botelho took charge of the remains, which were buried in the Irvington cemetery Saturday. Papers found on the body identified the man as Hart and revealed that he had been a waiter living around San Francisco for several years. He is said to have a brother in the east. The man was about fifty years of age.

### SALE, USE OF FIREWORKS IS BANNED BY LAW

As the date of the Fourth of July grows closer, authorities connected with the county sheriff's office have called attention to the ordinance passed by the board of supervisors in 1924, absolutely forbidding the use, discharge, sale, possession and custody of firecrackers and fire works.

According to the ordinance all that may be sold or that one may have in his possession are cap pistols and sparklers. Violation of the ordinance is constituted as a misdemeanor and is punishable by a fine not exceeding \$500 or a jail sentence not to exceed six months or both.

Every effort will be made to secure a strict enforcement of the ordinance this year, according to Constable O. W. Ebright, of Niles.

### FORMER NILES GUILD HEAD IS HONORED AT LUNCHEON

About thirty members of the Niles Ladies' Guild gathered at the home of Mrs. E. A. Ellsworth Wednesday of last week for a luncheon held in honor of Mrs. A. A. Hatch, who has been president of the organization for sixteen years.

The guest of honor was presented with a gold brooch as a token of appreciation for her faithful services. She also was accorded the honor of president emeritus, through which she will continue her activity in the guild. Mrs. E. G. Brinkmeyer is the new president of the organization.

### Township People Attend Yountville Legion Fete

Mr. and Mrs. Ray Peterson and family, Miss Adelaide Martin, all of Niles, and Mrs. Tony Costa, of Hayward, attended the American Legion celebration at Yountville Sunday. A large delegation from the Washington township legion post were present at the gathering.

## EDITORIAL COMMENT

By NORMAN H. PARKS, Publisher Register

### A CRUCIAL PERIOD

IN ITS ISSUE of June 11, The Monitor, official organ of the Archdiocese of San Francisco, carried a page editorial on the economic and political outlook of the nation that the writer wishes every citizen of America might read and ponder. It was a powerful review of past events, a clear picture of the present status of American society and a forewarning that unless abuses are corrected immediately, great danger to governmental institutions is foreshadowed.

We do not know who wrote this brilliant and convincing arraignment of present conditions. Perhaps the handsome and erudite priest—the Reverend Father McDonald—who spent a year in Niles, now on the paper's staff, was the author. Perhaps not. But whoever wrote it, seemed to have been inspired. The truth, though unpleasant to read, held our attention with a strange and gripping force, and startled us into a realization of the precarious position that America is slipping into so rapidly.

Shallow minds will read the editorial, and, perhaps, smile. Fools laugh on the brink of a precipice, thinking themselves safe; wise men have no such illusions. Impending danger makes them prepare to ward it off. Disaster is lurking near at hand for the institutions of democracy. The worms of graft bore at its vitals. The towering oak of representative government finds its bark perforated by thievery and its very roots gnawed by the teeth of special privilege.

Families are broken up and separated through lack of employment; hunger is sapping the heart of the nation; discontent is rampant, and still the dominant political parties go on as before. Immense wealth shirks taxation responsibilities, their securities are exempt from tax levy, public funds are wasted, and no effort made by officials to reform themselves. The sales tax puts the burden of balancing the budget squarely on the shoulders of the middle class and the poor, where it has generally been since the autocracy of wealth has ruled in Washington.

The Monitor calls upon the political bosses to put aside, at this dangerous time, personal ambitions and advantages and nominate the biggest man in their respective parties. "Do this," the Monitor warns, "or the temple of constituted government may fall upon their heads."

The warning, we are afraid, will reach ears unmuzzled to the pleadings of humanity and reason. On the road to serious trouble, nothing but a miracle will save the country from rioting and disorder. No indications point to a cleaner public conscience, nor are there signs that the beneficiaries of special privilege see the handwriting on the wall. Like the stories of past dynasties and regimes that fill the pages of history, the plutocracy of wealth goes madly on digging its own grave.

\*\*\*

May a higher guiding power than that of man—that same omnipotent power that saw this democracy through its trying period at the close of the revolutionary war, and that saved it from partition and ruin in the contest of the 60's—again come to the rescue and put sense into the heads of men, humility into their hearts and conscience into their souls.

### TAXPAYERS IN REVOLT

THE QUESTION of lower taxes is no longer a matter of "can it be done," but an imperative "that it must be done." In Philadelphia the city council passed favorably on a resolution raising the tax levy, because of low funds, instead of searching out ways to cut expense, and the city revolted. Thirteen thousand taxpayers stormed the city hall, in a mood to tear the building down stone by stone and make of it a tombstone to the memory of the local administration that thought the property owner a source of endless revenue for keeping themselves and friends fat and sleek. With thousands of their constituents in the street howling protest, the board of aldermen thought better of the matter, killed the ordinance and immediately began the discharge of useless employ-

## MAN'S ARM BADLY CUT AT PICNIC GATHERING

While attending the Elk' picnic at Mission San Jose Sunday afternoon Fred Federighi, 27, of Oakland, accidentally struck his right arm through the windshield of his car, suffering a severe laceration of the limb.

An artery in the arm was severed and the injured man was rushed to Niles where he was treated by Dr. E. C. Grau and sent in to Oakland. Considerable excitement was created in Niles when the automobile carrying Federighi with a traffic officer on a motorcycle clearing the way came speeding into town during the heavy traffic of the afternoon.

## WOMAN INJURED AS TRUCK HITS AUTO

## CHILD need REGULATING?

### CASTORIA WILL DO IT!

When your child needs regulating, remember this: the organs of babies and children are delicate. Little bowels must be gently urged—never forced. That's why Castoria is used by so many doctors and mothers. It is specially made for children's ailments; contains no harsh, harmful drugs, no narcotics. You can safely give it to young infants for colic pains. Yet it is an equally effective regulator for older children. The next time your child has a little cold or fever, or a digestive upset, give him the help of Castoria, the children's own remedy. Genuine Castoria always has the name:

**Notable State Officials Invited to Attend Event of July 2, 3, 4**

Gaily bedecked in her gala festive garments of flags and bunting, the town of Pleasanton is eagerly awaiting the date of her monstrous "Glorification of the Horse" fiesta, which will be held in Pleasanton for three days, July 2, 3 and 4.

Sponsored by the Junior Chamber of Commerce, and supported by all the townspeople, the celebration promises to be the largest and best ever held in southern Alameda county.

Andrew Greve, president of the junior civic body, has surrounded himself with exceedingly capable committees, and under his leadership, combined with that of Jerome Arendt, general chairman of the event, plans are rapidly culminating into actualities.

Civic bodies, fraternal organizations and service clubs from all sections of southern Alameda county have offered their aid and assistance in making the fete a huge success.

**Noted Guests Invited**

The committees have invited many notables as guests of honor, including Governor James Rolph, Jr.; Peter B. Kyne, well known novelist who has laid the scenes of several of his stories in the beautiful Amador Valley; Hoot Gibson, celebrated motion picture horseman; Johnny Schneider, world's champion cowboy of 1931; Mayor Angelo Rossi of San Francisco and Mayor Fred Morcum, of Oakland.

**Races Will Feature**

One of the features of the fiesta will be the horse races, to be held on July 3 and 4. The best racing horses of California will be entered to contest with each other in the "King's Sport." Tentative plans call for a display of every type of horse, as an added feature.

A kiddies' parade on the evening of July 2, will start the celebration, and street dances in the evening are expected to draw many fun lovers.

**Advertising Car Busy**

The clever, as well as pretty, advertising car has been very busy attending every gathering in the vicinity. Fitted with automatic toy racing horses, and equipped with a loud speaker attachment for broadcasting purposes, the car has attracted considerable attention and caused much favorable comment.

To accommodate all, extensive preparations have been made to care for everyone who comes to the celebration. And for an ideal cutting over the 2nd 3rd and 4th of July, one could do nothing better than to drive up to Pleasanton and camp right in the valley. A more fitting spot is hard to find.

**FIRST TRAINING CLASS GIVEN SCOUTERS**

The first of a series of training classes was presented to the Washington township Scouters by I. L. Beasley, field executive at their monthly meeting held Monday evening at the Decoto fire house.

A course in the passing of tenderfoot tests will be given at the next meeting. The whole course will extend over a period of about eight meetings. Beasley also spoke on the system used by the camp this year.

Plans were made for the township's camp to be held July 27-31. According to O. W. Ebright this camp will be one of the best things ever done for the township scouts.

The next meeting will be held in Newark.

★ MORE THAN 210,000 CALIFORNIA WOMEN SAY....

**Electric Cooking is Economical.... Saves my time!**

Out picnicking—being a pal with her children while school vacations are on and sunny days entice little play-trips to Nowhere—she is confident dinner will be ready, perfectly cooked in her electric range when she gets home.

Such an incident is a common pleasure for the more than 210,000 California women who cook with electricity.

The evening meal placed in the oven of an electric range in the morning receives perfect chef-cooking when a clock turns on the current and thermostats regulate cooking temperatures.

Meats acquire charcoal-grill brownness without basting; tender and juicy

with sealed-in flavor. Vegetables retain minerals important to health because so little water is needed. Pet recipes for favorite desserts become time-after-time successes. Truly nothing finer has ever been created for cooking than the modern

automatic electric range.

You can afford to cook this modern way. One of these speedy new electric ranges costs no more than any other good range. And cooking costs average but one cent a meal per person.

Students of the school may select one of four courses which leads to graduation.

Course A, the academic course, prepares the student at time of graduation for entrance into the universities and requires 190 semester units to be selected from the following: English, 35 semester units; Mathematics 20 semester units; U. S. History, 10 semester units; Natural Science, 15 semester units; Laboratory Science, 20 semester units; Physical Education and Hygiene, 40 semester units; Electives, 50 semester units; Total 190 semester units.

The above interpretation of the state board rules by the local high school board, it is believed, has met the needs of the several groups of students in this district. ees, inaugurating economies that the day before were thought impossible.

Nearer home, in Imperial Valley, two thousand citizen taxpayers held a monster mass meeting at Imperial and passed a resolution pledging to pay no more taxes to the irrigation district until that body resigned. Speakers named dozens of men and women on the payrolls of the district who were there merely because of their political activities. The next day, thousands of dollars of salaries were cut from the weekly payroll. The board did not resign, but the fight has just begun. Crushed under a \$7.00 an acre tax, the people down there are ready for revolution. Who can blame them?

Up here in Alameda county we are not quite so bad off, but the situation is serious enough to demand action before all of us get to the point where we cannot pay our taxes and other obligations. People who never before have been short of money have come to our office lately protesting the recklessness with which the county is spending money and the indifference of the school administrations toward the exigencies of the times.

There is room for a lot of economies, especially in the school districts. The high school board, and many of the grammar school boards in Washington township, threw away the greatest opportunity to save the taxpayers' money when they rehired instructors at the old prevailing princely salaries obtaining during the inflation period of the World War. But there are a few avenues still left to trim their budgets. Useless subjects are taught, too much time spent in sports, and a lot of nick-nacks that eat up the poor devil of a taxpayer, who can see nothing but disaster ahead with a diminishing revenue and the new federal tax that will land him one on the chin every time he turns around.

Take one concrete instance. We speak of this because we know what we are talking about. Washington Union high school is teaching printing, and other things just as useless to the student. Salaries connected with this fad run into the thousands. The equipment costs many more thousands. In all the years that the department has operated never has a single student taken up printing as a vocation after school was closed. Several have tried and failed. They learn practically nothing; merely kill time. Some find it easier to work in the shop than study readin', writin' and figurin'. The student gets his marks and that is all he or she many times cares about. On top of that the printing department is clamoring for the installation of a linotype machine at a cost of \$5000. Of course it will not be bought now, but it will later unless the board gets wise to the waste of money and energy along the line of printing instruction. Right here the board of trustees could lop off a saving each year of several thousand. Absolutely, the money is wasted. This is just one instance. There are others. The board, acting with the superintendent, should get busy and give the harried taxpayer some sympathy.

The county is carrying on a relief program demanded by charitable organizations, and naturally is spending more money than is actually needed. We cannot change that particular item of expense until conditions get better, but needless employees who are not in strained circumstances should be dismissed from the service. County officials should begin work at 8 a.m. and quit at 5 p.m. If they did this, the different departments could get along with about one-half of the present staffs. Who is going to force such a program? Public officials can clean their own stables or wait until the abused property owner acts like the mob did at Philadelphia and the outraged farmer in Imperial Valley.

Which shall it be?

## NEW FARM BUREAU TAX PLAN TO BE EXPLAINED AT CENTERVILLE MEETING

### Southern Alameda County Taxpayers to Gather Saturday Night

An opportunity to hear California Farm Bureau federation leaders explain the bureau's new tax reform program will be offered southern Alameda county taxpayers and farmers at the gathering to be held at the Washington Union high school in Centerville, Saturday night, June 18.

A large number of interested people from this section of the county are expected to be on hand for the meeting which is being arranged by Richard C. Kennedy, president of the Alameda County Farm Bureau, who will preside. Speakers on the program

for the evening are Von T. Ellsworth, head of the state bureau's research department, originator of the farm bureau's new tax plan, and J. J. Duell, head of the bureau's law and utility department.

## ORDINATION OF NILES MINISTER ATTRACTS NOTICE

### Reverend E. G. Brinkmeyer Honored at Impressive Ceremonies

Niles was honored in this month's issue of "Pacific," a religious paper published monthly in San Francisco when a story appeared on the front page concerning the recent ordination of Reverend E. G. Brinkmeyer, Niles Congregational church pastor. The article in part read as follows:

"On Tuesday, May 31, a unique service of ordination was held at Niles. The Plymouth church, Oakland, had joined with the Niles church in calling a council for the purpose of examining E. V. Haynes, a member of Plymouth church, and E. G. Brinkmeyer of the Niles church. After extended statements by the candidates and a period of questioning by members of the council, it was voted unanimously to proceed with the ordination of Mr. Brinkmeyer and to appoint a committee which would make arrangements for the ordination of Mr. Haynes at a later time. For Mr. Brinkmeyer's ordination, Reverend Gail Cleland, of Alameda, served as moderator. E. V. Haynes read the scripture and offered prayer. Reverend F. J. Van Horn, First Congregational church, Oakland, preached the sermon. Reverend T. T. Giffen, Plymouth church, Oakland, gave the charge to the church and Superintendent H. Gill gave the charge to the minister. The ordaining prayer was offered by the moderator. Reverend George E. Tolson extended the right hand of fellowship."

Reverend and Mrs. E. G. Brinkmeyer were hosts to over a hundred people at dinner during the evening of the ordination. Entertainment was provided by Dr. L. L. Cross, known by many through his work over the radio. There were forty visitors present from other churches in the bay area, some of whom were introduced during the dinner and presented brief addresses of greeting to the Niles church people. The dinner was served by twenty members of the Niles Christian Endeavor society.

# MORE ON CASEY'S TRIAL

(Continued From Page One)

through the house throughout the evening, indicating the entertainment the comedy provided.

And the crowd was not deceived in shouting its acclaim, for every member of the large cast made up of approximately 100 township people portrayed their roles with a naturalness and understanding that brought exclamations of delight even from Gladys Lindley and K. E. Canfield, directors of the production, whose work had a great deal to do with the polished manner in which it was presented.

To make the appropriate remarks of commendation which every cast member deserves for their portrayals during the two evenings would require more space than can be devoted here, but some of the episodes and characters especially bringing spasms of mirth from the crowd deserve mention.

Elmer Norby as the judge trying the case of Dotty Perkins suing Dennis Casey for breach of promise continually kept the audience in uproar with the stern and judicial manner in which he examined the witnesses and jurors. George Koomas as Casey and Mrs. Eva Steinhoff as Dotty Perkins admirably personified the two characters around which the comedy revolved. A. F. Peacock as Henry Perkins, Dotty's father, and Kattie Bernal as her mother, contributed no little part to the hilarity of the evening. Ed Rose of Irvington, as the Reverend Potts made a visible impression on the spectators in his portrayal of a dignified minister attempting to set Dotty and Dennis to sail the sea of matrimony before the twelve o'clock whistle blew and failing by only a few words. Tom Power was impressive in his role of Attorney Takeacoin, defending Casey against a woman's domination.

The jury and the witnesses all brought bursts of laughter from the house with their antics and expressions during the trial scene. Allen G. Norris as Fritz, Joe Blacow as Jonathan Judkins, and Olive Anderson as Mrs. Hiram Hearesay were especially outstanding in the jury.

The Hummin' Bird Orchestra made a great hit on their entrance into the show during the second act. Their rendition of a wedding march and their keen interest in the wedding proceedings drew many laughs.

The chorus made up of local girls was an entertaining diversion between the acts of the comedy. The performance of "Happy Days" with the girls in attractive costumes was especially pleasing, and indicated real dancing ability. Appropriate music for the chorus acts was provided by Morris Silva at the piano.

The glee club put the crowd in a pleasant mood with their

J. E. Townsend, committee chairman, Scoutmaster Lawrence Pine, of Troop No. 2, Morrison Green and Frank Ferry, assistant scoutmasters of Troop No. 1, represented Washington township at the district meeting at Dimond Camp Friday night. They were the dinner guests of 200 boys with their leaders and camp staffs. The boys put on an enjoyable program of skits at the amphitheater.

Scout Everett Mendenhall returned from Dimond Camp Monday. Mendenhall passed four merit badges, won a camp honor. He also advanced to Eagle scout, highest rank in scouting. There are now five Eagle scouts in Niles, two in Troop 2 and three in Troop 1.

Troop No. 1 and its officers and committeemen of Troop No. 2 will visit Dimond Camp Friday night.

Eagle Scouts Glenn Trout, of Centerville, and Lawrence Pine, of Niles, will receive the bronze palm for recognition of added merit and leadership ability at the quarterly Eagle Court at Dimond Camp Sunday, June 29. Since Trout transferred from Troop No. 31, of Oakland, Pine and he have been working together. They both received the Eagle badge in the early part of last year. They have thirty badges and are out for the Oakland area council record which they hope to win.

Troop No. 2 held a scout school Saturday at the scout house under the leadership of Scoutmaster Lawrence Pine.

July 25-31 will be Washington township week at Dimond Camp.

Scout meeting will be held on Friday afternoon at 2 p. m., instead of Friday night. All who can, are urged to be present.

As a reward for earning the most merit badges in the troop, George Jorgensen was sent to Camp Dimond by the Irvington scout troop. Jorgensen has earned fourteen merit badges since September.
